Warranty Information

Manufacturer's Warranties

Consumer purchasers of automotive filters are sometimes told by an automotive dealer's service writer or mechanic that a brand of replacement filter cannot be used in the consumer's vehicle during the warranty period. The claim is made that use of the brand will "void the warranty" with the statement or implication that only original equipment brand of filters may be used. This, of course, tends to cast doubt on the quality of the replacement filter.

That claim is simply not true. If the consumer asks for the statement in writing, he will not receive it. Nevertheless, the consumer may feel uneasy about using replacement filters that are not original equipment. With the large number of do-it-yourselfers who prefer to install their own filters, this misleading claim should be corrected.

Under the Magnuson-Moss Warranty Act and general principals of the Federal Trade Commission Act, a manufacturer may not require the use of any brand of filter (or any other article) unless the manufacturer provides the item free of charge under the terms of the warranty.

So, if the consumer is told that only the original equipment filter will not void the warranty, he should request that the OE filter be supplied free of charge. If he is charged for the filter, the manufacturer will be violating the Magnuson-Moss Warranty Act or other applicable law.

By providing this information to consumers, the AFMC can help combat the erroneous claim that a brand of replacement filter other than original equipment will "void the warranty".

It should be noted that the Magnuson-Moss Warranty Act is a federal law that applies to consumer products. The Federal Trade Commission has authority to enforce the Magnuson-Moss Warranty Act, including obtaining injunctions and orders containing affirmative relief. In addition, a consumer can bring suit under the Magnuson-Moss Warranty Act.

Limited Warranty

New car and equipment warranties remain in effect when Wix filters are used.

WIX Filtration Products warrants each WIX filter to be free from defects in material and workmanship during the period of service life recommended by the engine or equipment manufacturer. This warranty does not apply if the filter has been improperly installed, abused, damaged, used in competitive racing or on modified high performance engines or if used in any aircraft or aviation application.

If your WIX filter is found to be defective in material or workmanship during the period of service life recommended by the engine or equipment manufacturer, WIX Filtration Products will replace the defective filter with another WIX filter. In addition, WIX Filtration Products will reimburse you for the reasonable costs of the parts and labor required to repair your engine or equipment to the extent the damage was solely attributable to a defect in your WIX filter.

In order to obtain engine or equipment repairs under this warranty, the customer must, within 30 days after discovery of damage, submit a claim to any WIX representative, our WIX distributor, or directly to the address below. The customer must also allow the WIX Technical Service Department to examine the filter and, if required, the engine or equipment, to determine the extent of damage and whether it was caused by a defective WIX filter. The filter must be returned in its original, undamaged condition to the Wix Technical Service Department for examination.

This warranty is exclusive of any other warranty, express or implied. WIX FILTRATION PRODUCTS EXPRESSLY DISCLAIMS, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE. The foregoing states WIX Filtration Product's entire and exclusive liability and the buyer's exclusive and sole remedy for any damages or claim made in connection with the sale of a WIX filter. WIX Filtration Products shall in no event be liable for any special, incidental, or consequential damages whatsoever, except those specifically provided for in this warranty.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you.

This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

Donaldson's obligation under this warranty covers replacing the failed product, including transportation charges, only.
