

Superior Protection and Performance

Motorcycles

AMSOIL Synthetic Motorcycle Oils provide superior multi-functional benefits for the special requirements of motorcycle applications. These exclusive AMSOIL formulations provide outstanding protection for hot-running American and foreign motorcycle engines, transmissions and primary chaincases.

AMSOIL 20W-50 Synthetic Motorcycle Oil (MCV) is recommended for liquid- or air-cooled four-stroke motorcycle engines calling for a 15W-50 or 20W-50 oil, while also providing superior protection for transmissions and primary chaincases.

AMSOIL 10W-40 Synthetic Motorcycle Oil (MCF) is recommended for liquid- or air-cooled four-stroke motorcycle engines calling for a 10W-40 or 20W-40 oil, while also providing superior protection for transmissions.

AMSOIL 10W-30 Synthetic Motorcycle Oil (MCT) is recommended for liquid- or air-cooled four-stroke motorcycle, scooter, ATV and UTV engines calling for a 10W-30 oil, while also providing superior protection for transmissions.

Boats

AMSOIL Formula 4-Stroke® 10W-30 (WCT) and 10W-40 (WCF) Marine Synthetic Motor Oils provide superior wear protection, viscosity stability, low volatility and excellent low-temperature fluidity in four-stroke gasoline-fueled marine engines.

AMSOIL hp Injector Synthetic 2-Cycle Oil (HPI) provides maximum protection and performance in direct fuel injected (DFI), electronic fuel injected (EFI) and carbureted two-cycle outboard motors.

AMSOIL INTERCEPTOR Synthetic 2-Cycle Oil (AIT) provides maximum protection and performance in two-cycle personal watercraft and jet boats.

AMSOIL DOMINATOR Synthetic 2-Cycle Oil (TDR) provides maximum protection and performance in high performance and racing two-cycle boat motors.

AMSOIL Saber Outboard Synthetic 100:1 Pre-Mix 2-Cycle Oil (ATO) provides maximum protection and performance at lean mix ratios in pre-mix boating applications.

Superior Filtration Protection

Ea Motorcycle Oil Filters (EaOM)

AMSOIL Ea Motorcycle Oil Filters feature full-synthetic nanofiber technology, providing superior protection for motorcycles, ATVs, four-stroke personal watercraft, snowmobiles and outboard motors. Ea Motorcycle Oil Filters last longer, stop smaller dirt particles and offer less restriction, extending equipment and filter life and improving performance. Available in black or chrome.

Ea Motorcycle Air Filters (EaAM)

AMSOIL Ea Motorcycle Air Filters replace OEM filters from Harley-Davidson and Honda and fit S&S and Baron filter housings, incorporating nanofiber technology that offers superior efficiency, air flow and capacity for extended equipment and filter life and enhanced performance. Ea Motorcycle Air Filters are cleanable and remain serviceable for up to four years, saving money on filter costs.

Performance for Summer Equipment

Lawn Equipment

AMSOIL Formula 4-Stroke® Synthetic Small Engine Oil (ASE) is a robust formulation ideal for the hot-temperature, severe-service operating conditions of four-stroke lawn care equipment. Formula 4-Stroke Synthetic Small Engine Oil resists heat and reduces oil consumption, and it provides excellent protection for transmission systems.

AMSOIL Saber Professional Synthetic 100:1 Pre-Mix 2-Cycle Oil (ATP) is formulated with exclusive AMSOIL synthetic base oils and premium additives, providing outstanding protection for two-cycle lawn care equipment. Designed for lean mix ratios, Saber Professional offers excellent lubricity and cleanliness properties, controlling friction and protecting against wear, plug fouling, ring sticking and exhaust port blocking.

ATVs

AMSOIL Formula 4-Stroke® Power Sports Synthetic Motor Oil (AFF) is specially formulated for four-stroke powersports equipment such as ATVs. Its broad viscosity range and wax-free formulation make it excellent for use in both hot and cold temperature extremes.

Formula 4-Stroke Power Sports Oil is wet-clutch compatible and contains no friction modifiers, making it ideal for both two- and four-stroke ATV transmissions. The friction-modifier-free formulation is designed to prevent clutch slippage, delivering maximum torque and power to the wheels – a critical feature for towing or high-horsepower engines.

Scoters

AMSOIL 10W-40 Formula 4-Stroke® Synthetic Scooter Oil (ASO) is formulated specifically to meet the special needs of today's high-tech air- and water-cooled four-stroke motorized scooters, offering superior wear protection and friction reduction for longer equipment life and cooler operating temperatures.

Formula 4-Stroke Synthetic Scooter Oil delivers exceptional shear stability, ensuring consistent viscosity protection and providing additional protection for transmissions and gear boxes. Its friction modifier-free formulation ensures wet-clutch compatibility and smooth clutch operation.

Dirt Bikes

AMSOIL Synthetic 2-Cycle Oils provide maximum protection and performance in high-stress, high-revving two-cycle dirt bike engines, providing maximum wear protection, controlling engine operating temperatures, increasing power output, keeping engines clean and reducing smoke, odor and emissions.

INTERCEPTOR Synthetic 2-Cycle Oil (AIT) provides superior protection for two-cycle motorcycle engines.

DOMINATOR Synthetic 2-Cycle Racing Oil (TDR) is specially engineered to provide superior protection in high performance and racing two-cycle engines.
